| Supplies and Services, Tangible Capital Assets and Other | 546 – 1280 |

Introduction

This report has been prepared pursuant to section 17(c) of the *Government Accountability Act*, which authorizes the Minister of Finance to report any supplementary financial information that she requires.

Basis of Reporting

This report is prepared on the basis of payments made during the year ended March 31, 2006.

Only selected payments made by Departments and Offices of the Legislative Assembly of the Government of Alberta are shown.

Grant payments over \$5,000, Supplies, Services, Tangible Capital Asset Purchases and Other Payments over \$10,000 are listed by payee, by Department or Office that made the payment in alphabetical order. Payments under the respective reporting limits are collectively shown as Sundry payments. Payee names are listed only if individual payments in aggregate exceed the respective reporting limits.

Payments where the disclosure of the names is prohibited by Alberta statutes are shown under the respective program names. Payments made by a Department on behalf of another Department are reported under the name of the Department that made the payment.

Payments to or on behalf of members of the Legislative Assembly are included in a separate report. Payments relating to salaries, wages, employment contracts, benefits, travel and debt servicing costs are not reported.

This basis of reporting differs from the basis used in preparing the government's Consolidated Financial Statements in several respects.

- The Consolidated Financial Statements follow the accrual basis of reporting whereby expenses are reported in the year they are incurred. The result of using the payment basis of reporting is that certain expenses incurred in 2004-05 are included in this report because they were paid in 2005-06, while certain expenses incurred in 2005-06 will not be reported until 2006-07 because they were paid after March 31, 2006.
- Payments made by regulated funds, provincial agencies, Crown-controlled corporations and SUCH sector organizations (Schools, Universities, Colleges, and Hospitals) are not shown in the report. Expenses of these entities are included in the Consolidated Financial Statements.

Basis of Reporting (continued)

- This report includes payments made by departments to government sector entities and Crown-controlled SUCH sector organizations as well as to external organizations and individuals. The Consolidated Financial Statements include only the transactions with Crown-controlled SUCH sector organizations and external organizations and individuals. Transactions between government sector entities are eliminated.
- Payments to or on behalf of members of the Legislative Assembly as well as payments relating to salaries, wages, employment contracts, benefits, travel and debt servicing costs are not shown in this report. These expenses are included in the Consolidated Financial Statements.
- This report includes payments made based on agreements by Departments on behalf of third parties pursuant to section 25 of the *Financial Administration Act*. These payments are reported in a note to the financial statements of Departments that made the payments and are not included in expenses in the Consolidated Financial Statements.
- Non-cash transactions are not shown in this report. Expenses not involving cash outlays are included in the Consolidated Financial Statements.
- In preparing financial statements, estimates and assumptions are made in circumstances where actual results are unknown. These estimates and assumptions affect the amounts accrued and reported in the financial statements. Actual payments made and included in this report may materially differ from the estimates used in preparing financial statements.
- This report includes payments for acquisitions of tangible capital assets and supplies inventory. Tangible capital assets are capitalized and amortized over its estimated useful lives and supplies inventories are capitalized and expensed when consumed in the Consolidated Financial Statements.

Because this report is, in effect, just one component of the Province's Consolidated Financial Statements, discrepancies between this report and the Province's Consolidated Financial Statements are inevitable as they are prepared on a different basis.

Under section 37 of the *Financial Administration Act*, deputy heads are responsible for making and controlling payments with respect to their departments. The following is a breakdown of reported payments by Department. Payments made by a Department before a program is transferred to another Department are reported under the name of the Department that made the payment.

Reported Payments by Department ^{(a) (b)}
For the Year Ended March 31, 2006 (Unaudited)

| | Grants | Supplies, Services and Other Payments (\$ thousands) | Total |
|---|---------------|---|---------------|
