Chairman

I have examined the Statement of Financial Position of the British Columbia Harbours Board as at March 31, 1971, and the Statement of Revenue and Expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Board as at March 31, 1971, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

REPORT OF THE AUDITORS

The Lieutenant-Governor in Council, Province of British Columbia:

We have examined the balance sheet of British Columbia Hydro and Power Authority as at 31 March 1971 and the statements of income and source and application of funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of British Columbia Hydro and Power Authority as at 31 March 1971 and the results of its operations and the source and application of its funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY—Continued**NOTES TO FINANCIAL STATEMENTS AS AT 31 MARCH 1971****Note 1—Peace River Project:**

Consistent with the accounting practice adopted in 1968, the construction costs of the dam, powerhouse and other common property are being transferred to plant in service by instalments proportionate to the number of completed and operational generating units in relation to the ten units presently contemplated. The transfers are to be completed not later than 31 March 1976. By 31 March 1971, five generating units were in service and consequently 50% of the costs of the dam, powerhouse and other common property had been transferred to plant in service.

The costs of the dam, powerhouse and other common property not yet transferred to plant in service are shown separately as deferred costs under property account. These costs continue to attract interest charged to construction.

Note 4—Guarantee by Province of British Columbia:

The Government of the Province of British Columbia has unconditionally guaranteed the principal and interest of the long-term debt and parity development bonds.

Note 5—Interest:

Included in interest on debt for the year ended 31 March 1971 is \$1,766,544 for amortization of discount and expense on long-term debt and parity development bonds, and there has been deducted \$5,352,081 for income from sinking fund investments.

The interest rate on Series AN, AT and AZ Parity Development Bonds was increased from 6½% to 7%, effective 1 September 1970.

Note 6—Earnings Employed in the Business:

Net income for the year ended 31 March 1971	16,084,686
	<u>101,298,151</u>

Note 7—Pension Plans:

Employees of B.C. Hydro are covered under contributory pension plans, and provisions are being made for current services according to the requirements of the various plans. Provision has been made for all past service costs under these plans with the exception of those relating to a contributory plan introduced effective 1 January 1965. B.C. Hydro is funding the estimated past service costs of this plan by annual payments of \$393,800 over a fifteen-year period which commenced 1 April 1967.

Note 8—Self-insurance:

In 1969, B.C. Hydro adopted a policy of self-insurance on plant and equipment and for general liability. An insurance reserve is being accumulated by annual charges to operations commensurate with the current cost of insurance.

Fire insurance coverage has been retained with insurance companies on certain plant and equipment to comply with trust-deed requirements. Insurance coverage is also maintained on major plant under construction.

Note 9—Commitments:

B.C. Hydro, being the Canadian Entity required to construct three storage dams under the Columbia River Treaty, is liable to compensate the Columbia Storage Power Exchange if Mica, the only dam still under construction, is not operational by the agreed date of 1 April 1973. B.C. Hydro also has obligations relating to the operation and maintenance of the three storage dams.

Purchase commitments and contracts of B.C. Hydro for capital projects and inventories of materials and supplies aggregated approximately \$126,000,000 as at 31 March 1971, which includes contracts awarded in respect of the general commitment of B.C. Hydro to construct Mica Dam as referred to in the preceding paragraph.

R. SCHOFIELD, C.A.
Chief Accountant

I have examined the balance sheet of British Columbia Liquor Control Board as at March 31, 1971, and the related statement of profit and loss for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary for the circumstances.

In my opinion these financial statements present fairly the financial position of the Board as at March 31, 1971, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

AUDITOR'S REPORT

I have examined the attached operating statement for the year ended March 31, 1971, of The Overall Medical Services Plan of British Columbia and its licensed carriers operating under the direction and control of the Medical Services Commission of British Columbia. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, the statement presents fairly the financial position of The Overall Medical Services Plan at March 31, 1971, and the results of the operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

AUDITOR'S REPORT

REPORT by Buttar and Chiene, Chartered Accountants, Vancouver, B.C. upon the accounts of the PACIFIC GREAT EASTERN RAILWAY COMPANY, as at 31st December, 1970.

We have examined the Balance Sheet of the Pacific Great Eastern Railway Company as at 31st December 1970 and the Statement of Consolidated Income for the year ended on that date, and have received all the information and explanations required by us.

The statements are prepared in conformity with the Uniform Classification of Accounts prescribed by the Board of Transport Commissioners for Canada.

Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, and according to the best of our information, the explanations given to us and as shown by the books of the Company, the accompanying Balance Sheet and Statement of Consolidated Income present fairly the financial position of the Company as at 31st December 1970, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

WORKMEN'S COMPENSATION BOARD—Continued**ACTUARY'S CERTIFICATE**

We certify that as at December 31, 1970, the following amounts under A and B, which were examined by us, make safe and reasonable provision for the applicable liabilities and were calculated upon accepted actuarial principles and factors, including statistical ratios developed from past experience and the assumptions as to rates of interest, mortality, remarriage, and changes in the Consumer Price Index recommended or confirmed by us and adopted by the Board:

A. Accident Fund	\$
(1) Present value of future payments on life or term pensions awarded to date	160,415,648
(2) Present value of future benefits not yet awarded in respect of accidents incurred to date	57,527,452
B. Silicosis Fund	
(1) Present value of future payments on life or term pensions awarded to date	6,845,341
(2) Present value of future benefits not yet awarded in respect of silicosis pensions awarded to date	1,448,080

We further certify that the statistical estimate of the 1970 assessable payroll, made early in 1971 by the Actuarial and Research Department of the Board, was reviewed and confirmed by us and that the application of assessment rates adopted by the Board to such payroll allocated by class and subclass provides a reasonable estimate of total assessments for 1970 amounting to \$43,462,095.

AUDITOR'S REPORT

I have examined the statement of assets and liabilities (fund balances) of the Workmen's Compensation Board of British Columbia as at December 31, 1970, and the condensed statement of fund transactions for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these statements, when read with the explanatory notes, present fairly the financial position of the Board as at December 31, 1970, and the results of its operations for the year ended on that date.

WORKMEN'S COMPENSATION BOARD—Continued**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR
ENDED DECEMBER 31, 1970**

1. Assessments not yet remitted—The Board has adopted a new method of assessing that requires quarterly remittances by employers having annual assessments of \$100 or more and annual remittances from employers having annual assessments of less than \$100. The fourth quarterly remittances, and the annual remittances, will be received early in 1971.

The amount of the assessable payrolls for the calendar year 1970 has been determined by an actuarial estimate, this figure being the basis for estimating assessments for the year. Because no experience has yet been developed, the Board has used 95 per cent of the amount shown in the actuarial certificate as a conservative amount of the assessments for 1970.

Assessments totalling \$51,441,475 include \$41,288,990, being 95 per cent of the actuarial estimate for 1970, plus \$10,152,485 for prior years and deposit accounts.

2. Expenditures to be recovered from future assessments—The Board has decided that major expenditures should be charged over a number of years instead of being charged in the year of payment. During 1970, \$1,527,935 was paid out and \$149,589 of this was included as operating expenses under administration. The remainder, \$1,378,346, is to be charged to future assessments over varying periods.

3. Class balances—Class balances include an increase resulting from the adoption of the new system under which actual assessments are credited to classes, whether paid or not, while previously only cash received was credited.

Fund balances include the unremitted portion of assessments as shown on the balance sheet in the amount of \$9,535,613 after adjustment for penalty credits and refunds. As a result, in this year of transition, the amounts of the class balances and total income as shown in the statement of current fund transactions are correspondingly in excess of the amounts which would otherwise have been reported.
