**R.S.N.B. 1973, CHAPTER P-22 PROVINCIAL LOANS ACT**  
**NOTES TO FINANCIAL STATEMENTS - 31 MARCH 1998**

**1. General**

The General Sinking Fund is maintained by the Minister of Finance under the authority of section 12 of the Provincial Loans Act. The Act provides that the Minister shall maintain one or more sinking funds for the payment of funded debt either at maturity or upon redemption in advance of maturity. Sinking fund instalments are paid into the General Sinking Fund on or before the anniversary date of each issue of funded debt, at the prescribed rate.

**2. Summary of Significant Accounting Policies**

a) Basis of Accounting

Bank interest and interest earned on investments are recorded on the accrual basis.

b) Foreign Currency Translation

Investments and accrued interest receivable on securities held in foreign currencies are translated at the rate of exchange prevailing at the statement of financial position date, except where such items have been hedged. In such cases, the rates established by the hedge are used in the translation. Revenue and expense items are translated at the rates of exchange in effect at the respective transaction dates. Unrealized gains and losses arising on translation of long-term investments are deferred and amortized to income on a straight line basis over the remaining life of the related security. Realized gains and losses arising on disposal, net of previously amortized amounts, are included in income in the year of disposal.

c) Investments

Investments in bonds and debentures are reported on the statement of financial position at par value less unamortized discounts less premiums and the unamortized balance of unrealized foreign exchange gains or losses. Short term deposits are reported on the statement of financial position at cost.

**1. Généralités**

L'administration du fonds d'amortissement général est confiée au ministre des Finances en vertu de l'article 12 de la Loi sur les emprunts de la province. La Loi prévoit que le ministre doit garder un ou plusieurs fonds d'amortissement pour garantir le paiement d'une dette consolidée soit à l'échéance, soit par rachat avant l'échéance. Les versements au fonds d'amortissement sont effectués au fonds d'amortissement général au plus tard à la date d'anniversaire de chaque émission de dette consolidée, selon les montants prévus.

**2. Résumé des principales conventions comptables**

a) Méthode de comptabilité

Les intérêts bancaires et les intérêts gagnés sur placements sont inscrits selon la méthode de comptabilité d'exercice.

b) Conversion des devises étrangères

Les revenus de placements et les intérêts courus à recevoir sur les titres en devises étrangères sont convertis selon le taux de change en vigueur à la date du bilan, sauf si ces éléments font l'objet d'opérations de couverture. Dans ce cas, les taux établis en vertu des opérations de couverture sont utilisés pour la conversion. Les éléments de recettes et de dépenses sont convertis au taux de change en vigueur aux dates respectives des opérations. Les gains et pertes de change non matérialisés provenant de la conversion de placements à long terme sont différés et amortis à titre de recettes selon la méthode de l'amortissement linéaire pendant la durée non écoulée des titres visés. Les gains et pertes matérialisés sur disposition, net des montants amortis antérieurement, sont inclus comme recettes dans l'année de disposition.

c) Placements

Les placements en obligations et débetures sont indiqués au bilan selon leur valeur nominale moins les escomptes non amortis moins les primes et le solde non amorti des gains et pertes de change non matérialisés. Les dépôts à court terme sont inscrits au bilan selon leur prix coûtant.
