## A GUIDE TO PUBLIC ACCOUNTS

### 1. SCOPE OF THE PUBLIC ACCOUNTS

The 1998-99 Public Accounts of the Province of Ontario comprise the financial statements and three volumes:

**Volume 1** contains the Consolidated Revenue Fund schedules and Ministry statements. The Consolidated Revenue Fund reflects the financial activities of the government's ministries on a modified cash basis.

**Volume 2** contains the financial statements of significant provincial crown corporations, boards and commissions which are part of the government's reporting entity and other miscellaneous financial statements.

**Volume 3** contains the details of expenditure and the Ontario Public Service senior salary disclosure.

### 2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

#### (1) Voted Appropriations

##### (a) Salaries and Wages

Includes the total salaries and wages of those employees on staff. Also listed are temporary help suppliers who received payments accumulating to more than \$50,000.

##### (b) Employee Benefits

##### (c) Travelling Expenses

Individuals whose total travelling expenses were more than \$10,000 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

##### (d) Other Payments

Recipients of payments accumulating to more than \$50,000 (Transfer Payments — \$120,000) are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

##### (e) Recoveries

Note: Recoveries from Other Ministries and Activities are shown within each standard account grouping but not deducted from the individual items. The total recoveries for the Ministry is recorded under the "Summary of Expenditure".

#### (2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.

## ONTARIO PUBLIC SECTOR SALARY DISCLOSURE

The *Public Sector Salary Disclosure Act, 1996* requires employers in the public sector to disclose the names, positions, salaries and taxable benefits of those employees paid \$100,000 or more during the previous calendar year. In accordance with the Act, the following information was made publicly available on April 1, 1999 and is provided again as part of the Province's annual reporting.

**SALARY** - The amount shown as "salary paid" in this compendium may not represent the employee's annual rate of salary in 1998. The salary required to be made public under the *Public Salary Disclosure Act, 1996* reflects the amount to be reported to Revenue Canada on the employer's T-4 slip for the employee. The "T-4 amounts" may include components that relate to a year prior to 1998. These may result, for example, from retroactive revisions to salary scales, from grievance payments or from vacation pay-outs upon exit from employment. Note also that the "T-4 amounts" may exceed the employee's annual rate of salary if the employee worked overtime during the year. The "T-4 amounts" may be less than the annual rate of salary if the employee worked only part of a year.

**TAXABLE BENEFITS** - The amount shown as taxable benefits is the amount shown on the T-4 slip as prepared for Revenue Canada. These amounts can include free or subsidized housing, board and lodging, travel in a designated area, personal use of employer's vehicle, interest free and low-interest loans, stock option benefits (generally not applicable to the public sector), other payments made on behalf of the employee such as relocation costs, employer contributions for basic life insurance and tuition reimbursements.
