Introduction to the Public Accounts

The Public Accounts include primarily the financial statements of the Consolidated Fund, the Saskatchewan Heritage Fund and the Combined Funds. The Consolidated Fund is the general fund into which all public monies received are credited except where the Legislative Assembly has directed otherwise. The Saskatchewan Heritage Fund is a Fund established by the Legislative Assembly to receive all nonrenewable resource revenues and certain other revenues as specified in the Heritage Fund (Saskatchewan) Act. The Combined Funds represents a combination of the financial transactions of the Consolidated Fund and the Saskatchewan Heritage Fund.

The Combined Funds financial statements have been designed primarily to provide an accounting of the financial resources appropriated by the Saskatchewan Legislature. They are not intended to be summary financial statements that provide a full accounting of the financial affairs and resources of all the entities for which the Government of Saskatchewan is responsible. The financial transactions of other crown entities such as provincial crown corporations, agencies, boards and commissions are reported separately. Only those transactions pertaining to the receipt of money from or payment of money to the Combined Funds are reflected in these statements. Accumulated surpluses or deficits of these entities are not included.

A variety of special purpose and other funds are administered by the Minister of Finance. Included within these funds are superannuation funds over which the Minister provides general administrative support, trust monies held for third parties under various arrangements, and special purpose monies held for specified uses. The assets, liabilities, operations and residual balances of these are maintained and reported separately from those of the reporting entity. Summary financial information on these funds is provided in Volume 2 of the Public Accounts.

G. Kraus,
Provincial Comptroller

Details of Revenue and Expenditure Activity

Preamble

Summaries of revenue and expenditure have been included at the beginning of Volume 3 for the Combined, Consolidated and Heritage Funds. These summaries allow easier accessibility to information without the need to refer to other documents such as the Estimates and Volume 1 of the Public Accounts.

Following these summaries are the revenue and expenditure details for the Consolidated Fund and the Saskatchewan Heritage Fund.

For each of the Funds the following information is provided:

- Revenue by department (by division for the Heritage Fund) and by source.
- Expenditures at the vote and subvote levels along with the following relevant information for legislative compliance purposes: original estimates, special warrants, virements (when applicable), underexpended amounts, accounts payable, and under or overcommitted amounts.
- Within each subvote expenditures by major type (object).
- Expenditures by payee in the following categories:

Grants

The total amount paid to a recipient in the fiscal year under a grant program paid directly out of either the Consolidated Fund or the Heritage Fund is reported when the amount paid is \$2,000 or more. This does not apply to programs where the governing legislation requires that the information be kept confidential. Programs of this nature would include the income security programs such as the Saskatchewan Assistance Plan, the Saskatchewan Income Plan and the Family Income Plan.

In addition, at the discretion of Treasury Board, universal grant programs paid to individuals that do not permit ministerial discretion and that result in a high volume of payments may not be reported by payee. Programs that fall into this group would include the Mortgage Interest Reduction Program and the Small Business Interest Reduction Program.

Salaries, Services and Gratuities

These are listed for each vote within a department and include all payments made to a payee which total \$20,000 or more.

Travel, Sustenance and Vehicle Expenses

These are listed for each vote within a department and include all payments made to a payee which total \$2,000 or more.

Other Expenses

Any other payments made by a department not falling under any of the three categories discussed above are published by payee when the amounts paid under the vote total \$10,000 or more.
