**Saskatchewan Prescription Drug Plan:** this program administers claims processing, policies, and procedures. The pharmacy claims processing network maintains a comprehensive database in order to adjudicate and pay for prescription drug claims, to determine the consumer share of prescription cost at the time of dispensing, to guarantee maximum prices from manufacturers, and to establish maximum wholesale mark-ups, pharmacy mark-ups, and pharmacy dispensing fees. The program supports the formulary process used to select cost-effective drug therapy for reimbursement. The Branch also facilitates use of the drug database.

**Saskatchewan Aids to Independent Living:** this program administers and directs the delivery of a series of universal and extended benefit programs to eligible clients, including free loaners, and the repair and recycling of assorted mobility,
